

**Ragani Chandeshwori Campus**

**Khijidemba-2, Ragani, Okhaldhunga**

**Course Content of Research Methodology**

**1. Concept of Collaborative Research**

- Definition and importance
- Types of collaboration (institutional, interdisciplinary, international)
- Benefits and challenges
- Principles of effective collaboration

**2. Selection of Research Topic and Objectives**

- Identifying research areas of interest
- Criteria for selecting a research topic
- Formulating research questions
- Setting SMART objectives (Specific, Measurable, Achievable, Relevant, Time-bound)

**3. Methodology of Collaborative Research**

- Planning and division of tasks
- Collaborative tools and platforms
- Data collection and analysis in teamwork
- Ethical considerations and intellectual property

#### **4. Research Report Writing Techniques**

- Structure of a research report (Title, Abstract, Introduction, etc.)
- Data presentation (tables, charts, graphs)
- Referencing styles (APA, MLA, etc.)
- Editing and proofreading

#### **5. Concept and Strategies of 360-Degree Research**

- Meaning and scope of 360-degree research
- Holistic and multi-perspective approach
- Stakeholder involvement
- Data triangulation and integration

#### **6. Report Writing in 360-Degree Research**

- Organizing multi-source data
- Analyzing diverse perspectives
- Presenting balanced findings
- Drawing inclusive conclusions and recommendations
